

SHORTLINE

AUTO GROUP

Recently, we had tossed out the idea that new things might be happening at The Shortline Auto Group, and now **we have an announcement to make!**

The Shortline Auto Group has added the brands of Buick and GMC to its family. We have purchased the Buick GMC dealership on South Havana Street from the Suss Family, a well-respected car family for two generations. And know that both Shortline and Suss are excited about this change and the new adventures that lie ahead!

After Shortline's 31 years on South Havana Street, we look forward to meeting new customers, serving our existing customers and old friends, and taking care of our valued employees. And most certainly, we are grateful for the opportunity to do so.

So watch and listen for more news about these two amazing brands -- Buick and GMC -- both roaring and ready to handle Colorado's winters with their full line of all-wheel drive sedans, SUVs and trucks. Yep, even the luxurious Buick sedans have available all-wheel drive, folks!

First step? Let's GET READY FOR WINTER!

Shortline Buick GMC.

With warm regards,

President & CEO
Donald P. Hicks
