- **Mountain View United Church & Habitat for Humanity** have “formed a collaborative partnership with the Congregation Land Campaign and Habitat for Humanity of Metro Denver. They are creating a site plan using its vacant property next to the church to provide inclusive, owner-occupied, affordable housing for working families in the 60-80% Area Median Income range.” – from a blog post in [MVUC's website](#). On 6/15/2021 the housing project shared that their zoning application has been submitted and accepted by the city. Learn More about the 10-duplex cul-de-sac style development [here](#).
- **Mubarak Villa:** This is a 20-unit duplex development in ten buildings on 1.75 acres proposed on the north side of Jewell Avenue, about a quarter mile west of Havana Street. “**Mubarak Villa is finalizing fees with the School District and the civil plan process almost complete.**”
- **Argenta: Tom Klein with Dillon Place sold his shared to Dream Finder Homes 3 months ago. Dream Finder will continue the Argenta development moving forward.**

**Notes from Planners in late 2021 for Argenta:**

- **Phase 1-** 3.6 acres for 86 townhomes construction is in progress. Argenta is a phased master plan for 10.55 acres new mixed-use development consisting of 86 townhomes, 208 multi-family & 20,000 SF of small-scale retail.
- **Townhomes (Phase 1): Summary timeframe:** The contractor must complete, water, related road work on Geneva, and other work for the city. There has been no construction on buildings to date and is not likely until Spring 2022.
- **Multi-Family Units (Phase II): Summary timeframe:** Before MF units can start construction, the N-S Road would have to be completed. To complete road, they would likely stop in October due to freeze-thaw and would not complete the N-S Road until spring. Sometime after that Phase II could begin.
- **Wet Utilities:** The contractors must complete wet utilities before they can start the N-S road through the center of the development. This road must be installed for Phase 2 (MF / Retail) to start construction. Timeframe: wet utilities - 2-3 weeks.
- **N-S Road Phase 2 (for Multi-Family): Summary timeframe:** before N-S Road can start, it would take at minimum 2 months to complete construction including wet utilities timing above. To complete road, they would likely stop in October due to freeze-thaw and could not complete the N-S Road until spring. (Notes from Chad Argentar & Philip Nachbar, Development Project Manager, Planning & Development Services Department)

First Bank’s monument was damaged in a traffic fatality and the new sign is up, but our panels still need to be replaced. Carpet Exchange, Jordan Motors, and Western Centers at Havana Exchange Shopping Center. A rendering was done for Western Centers, but the property decided to wait on signage improvements until Bicycle Village is leased.

Kum & Go at Havana & Jewel expressed interest in adding an On Havana Street sign to their monument if BID can provide the panels then KG will cover the install in early 2023. Also, Kum & Go offered to add an 8x8 concrete pad for the ART 2C public art program if the District supports the additional sculpture to the Art 2C program. This pad would not be available until 2023 so it would be included in the 2024-2026 program.
